ELSEVIER

Environmental Pollution 101 (1998) 441–443

ENVIRONMENTAL POLLUTION

Contents of Volume 101

Number 1

The First Mellanby Review Award:

1 Stomata and plant water relations: does air pollution create problems?
T.A. MANSFIELD (UK)

13 Periphyton as an indicator of water quality in the St Lawrence River (Québec, Canada)
C. VIS, C. HUDON, A. CATTANEO, B. PINEL-ALLOUL (Canada)

25 Variation in the mineral composition of eggs of the snail, *Helix aspersa* between populations exposed to different levels of metal contamination
A. BEEBY, L. RICHMOND (UK)

33 Predicting change in fish mercury concentrations following reservoir impoundment
T. W. THERRIAULT, D.C. SCHNEIDER (Canada)

43 Release of metals from homogeneous soil columns by wastewater from an agricultural industry
L. MADRID, E. DÍAZ-BARRIENTOS (Spain)

49 Air pollution, forest condition and forest decline in Southern Europe: an overview
F. BUSSOTTI, M. FERRETTI (Italy)

67 Sorption and desorption of Cu and Cd by macroalgae and microalgae
J.L. ZHOU (UK), P.L. HUANG, R.G. LIN (PR China)

77 Polychlorinated naphthalenes: an environmental update
J. FALANDYSZ (Poland)

91 Dose-dependent induction of heat shock protein 70 synthesis in *Raphidocelis subcapitata* following exposure to different classes of environmental pollutants
J. BIERKENS, J. MAES, F. VANDER PLAETSE (Belgium)

99 A comparison of biochemical responses to oxidative and metal stress in seedlings of barley, *Hordeum vulgare* L.
J. PATRA, B.B. PANDA (India)

107 Toxicity of combined sewer overflows on river phytoplankton: the role of heavy metals
M. SEIDL, V. HUANG, J.M. MOUCHEL (France)

117 Evidence for abrasion and enhanced growth of *Ulva lactuca* L. in the presence of colliery waste particles
B.T. HYSLOP, M.S. DAVIES (UK)

123 Modelling of phosphorus removal from aqueous and wastewater samples using ferric iron
K. FYTIANOS, E. VOUDRIAS, N. RAIKOS (Greece)

131 Chemistry of soil solutions under different kinds of vegetation in the vicinity of a thermal power station
M.J. FERNÁNDEZ-SANJURJO, E. ÁLVAREZ, V. FERNÁNDEZ VEGA, E. GARCÍA-RODEJA (Spain)

143 Environmental contamination and developmental abnormalities in eggs and hatchlings of the common snapping turtle (*Chelydra serpentina serpentina*) from the Great Lakes–St Lawrence River basin (1989–91)
C.A. BISHOP, P. NG, K.E. PETTIT, S.W. KENNEDY, J.J. STEGEMAN, R.J. NORSTROM, R.J. BROOKS (Canada)

Short Communication

157 A numerical analysis of the combined open-top chamber data from the USA and Europe on ambient ozone and negative crop responses
S.V. KRUPA (USA) , M. NOSAL, A.H. LEGGE (Canada)

161 Book review

163 Erratum

Number 2

169 Abolishing cadmium toxicity in *Chlorella vulgaris* by ascorbic acid, calcium, glucose and reduced glutathione
A.H. EL-NAGGAR, M.M. EL-SHEEKH (Egypt)

175 Influence of form and quantity of selenium on the development and survival of an insect herbivore
J.T. TRUMBLE, G.S. KUND, K.K. WHITE (USA)

183 A synoptic climatological approach to forecast concentrations of sulfur dioxide and nitrogen oxides in Hong Kong
K.-C. LAM, S. CHENG (China)

193 Feathers as a means of monitoring mercury in seabirds: insights from stable isotope analysis
D.R. THOMPSON, S. BEARHOP, J.R. SPEAKMAN, R.W. FURNESS (UK)

201 Sulphur isotopic investigation of a polluted raised bog and the uptake of pollutant sulphur by Sphagnum
A. THOMPSON, S. BOTTRELL (UK)

209 Contamination of butyltin and phenyltin compounds in the marine environment of Otsuchi Bay, Japan
H. HARINO, M. FUKUSHIMA, Y. YAMAMOTO, S. KAWAI, N. MIYAZAKI (Japan)

215 Response of a grassland ecosystem to air pollutants. VI. The chemical climate: concentrations and potential flux densities of relevant criteria pollutants
L. GRÜNHAGE, U. DÄMMGEN, H.-D. HAENEL, H.-J. JÄGER (Germany)

221 Nonpoint sources of volatile organic compounds in urban areas—relative importance of land surfaces and air
T.J. LOPES, D.A. BENDER (USA)

231 Organochlorine contaminants in northeast Atlantic minke whales (*Balaenoptera acutorostrata*)
L. KLEIVANE, J. U. SKAARE (Norway)

241 Recolonization and succession of marine macrobenthos in organic-enriched sediment deposited from fish farms
L. LU, R.S.S. WU (Hong Kong)

253 Limited effects of heavy metal pollution on foraging and breeding success in the curlew (*Numenius arquata*)
D. CURRIE, J. VALKAMA (Finland)

263 Growth, respiration and nitrogen content in needles of Scots pine exposed to elevated ozone and carbon dioxide in the field
S. KELLOMÄKI, K.-Y. WANG (Finland)

275 Competitive sorption of heavy metal by soils. Isotherms and fractional factorial experiments
J.C. ECHEVERRÍA, M.T. MORERA, C. MAZKIARÁN, J.J. GARRIDO (Spain)

285 Effects of lead on the growth and δ-aminolevulinic acid dehydratase activity of juvenile rainbow trout, *Oncorhynchus mykiss*
V.M. BURDEN, M.B. SANDHEINRICH, C.A. CALDWELL (USA)

291 Relationships of ozone exposure to pine injury in the Sierra Nevada and San Bernardino Mountains of California, USA
M.J. ARBAUGH, P.R. MILLER, J.J. CARROLL, B. TAKEMOTO, T. PROCTER (USA)

303 Essential interactions between *Thiobacillus ferrooxidans* and heterotrophic microorganisms during a wastewater sludge bioleaching process
D. FOURNIER, R. LEMIEUX, D. COUILLARD (Canada)

Number 3

311 Experience with the replication of regional survey of soil pollution
R. MUELI, R. SCHULIN (Switzerland), R. WEBSTER (UK)

321 Elemental contaminants in the livers and ingesta of four subpopulations of the American coot (*Fulica americana*): an herbivorous winter migrant in San Francisco Bay
C.A. HUI (USA)

331 Comparative evaluation of some pollutants in the airborne particulate matter in Eastern and Western Europe: two-city study, Bucharest–Stuttgart
V. CERCASOV (Germany), A. PANTELICĂ, M. SĂLĂGEAN (Romania), H. SCHREIBER (Germany)

339 Effects of low pH and aluminum on root morphology of Japanese red cedar saplings
Y. HIRANO, N. HIJII (Japan)

349 Developmental instability in grayling (*Thymallus thymallus*) exposed to methylmercury during embryogenesis
L.A. VØLLESTAD, E. FJELD, T. HAUGEN, S.A. ØXNEVAD (Norway)

355 Phenanthrene degradation by microorganisms isolated from a contaminated stream
M.C. ROMERO, M.C. CAZAU, S. GIORGIERI, A.M. ARAMBARRI (Argentina)

361 Response of a zooplankton community to insecticide application in experimental ponds: a review and the implications of the effects of chemicals on the structure and functioning of freshwater communities
T. HANAZATO (Japan)

375 Response of a grassland ecosystem to air pollutants. V. A toxicological model for the assessment of dose–response relationships for air pollutants and ecosystems
U. DÄMMGEN, L. GRÜNHAGE (Germany)

381 Changes in tree ring chemistry in sugar maple (*Acer saccharum*) along an urban–rural gradient in southern Ontario
S.A. WATMOUGH, T.C. HUTCHINSON, E.P.S. SAGER (Canada)

391 Air concentrations of organochlorine insecticides and polychlorinated biphenyls over Green Bay, WI, and the four lower Great Lakes
L.L. McCONNELL (USA), T.F. BIDLEMAN (Canada), W.E. COTHAM, M.D. WALLA (USA)

401 Pollution of the coastal bottom sediment at the Middle Primorie (Russia) due to mining activity
V.M. SHULKIN (Russia)

405 Distribution of dibenzothiophene in the sediments of the South China Sea
G.-P. YANG, X.-L. LIU, J.-W. ZHANG (China)

415 The adaptation of Silene vulgaris to growth on a calamine waste heap (S. Poland)
M. WIERZBICKA, D. PANUFNIK (Poland)

427 Functional complementarity in plankton communities along a gradient of acid stress
K.E. HAVENS, R.E. CARLSON (USA)

437 The partitioning of ^{137}Cs, in comparison to K, P, and Ca in the shoots of *Eriophorum vaginatum* L. plants
D.R. JONES, W.R. EASON (UK), J. DIGHTON (USA)

441 Contents of Volume 101
